

You can help our Troops with Care Package items needed!

Multiple times a year, the Defenders of Freedom – California Chapter, come together to assemble care packages for our troops. This is a wish list of items requested via emails from individual troops and leaders. On behalf of the volunteers for the Defenders of Freedom and our troops, “Thank you” for helping make these packages possible. As a result of all the continued support and care packages, we have received many thank you letters and, an occasional picture, expressing appreciation of the combination of donations and effort put forth each time. Help us continue to provide as many packages as possible by giving what you can from this list. Again, thank you!

Please donate *small sizes or individually packaged* items that are sealed. Bulk packaged items (socks, pencils, snacks etc.) will be opened and shared.
